Dear David

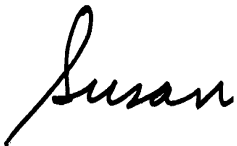

Thank you for your letter declaring your intention to step down from the Scottish Fiscal Commission, in light of the new role you are due to take up.

I understand the circumstances and am grateful for the year plus you spent with us. It's been a year of transformation for the Commission. I've appreciated your input and support and was glad to have had you as a colleague.

As you will know, we will post both your letter and this response on our website.

Good luck in your future endeavours.

Sincerely,

A handwritten signature in black ink that reads "Susan".
